1. Fashion is a term commonly used to describe a style of clothing worn by a large number of people in a country. The kind of art, music, literature and sports that many people prefer can also be fashions. Thus, a fashion is or reflects a form of behavior accepted by most people in a society.
2. A fashion remains popular for a few months or years and then another fashion takes its place. A product or activity is in fashion or is fashionable during the period of time that many people in society accept it, however, the same product or activity becomes old-fashioned when the majority of people no longer accept it.
3. A clothing style may start as a fashion, but its use becomes a custom if it is handed down from generation to generation.
4. A fashion that quickly comes and goes is called a fad. The majority of people do not accept fads. Some people may become involved in faddish behavior because fads get a lot of publicity.
5. Today, people follow fashions for many reasons. For example, they want others to think that they belong to a special class of society. New fashions may be adopted immediately by well-known people, including athletes, film stars and political figures. Then, other people follow these fashions so that they can also look important. The Leader

*Patient and steady with all he must bear,
Ready to meet every challenge with care,
Easy in manner, yet solid as steel,
Strong in his faith, refreshingly real,
Isn't afraid to propose what is bold,
Doesn't conform to the usual mould,
Eyes that have foresight, for hindsight won't do,
Never backs down when he sees what is true,
Tells it all straight, and means it all too.
Going forward and knowing he's right,
Even when doubted for why he would fight,
Over and over he makes his case clear
Reaching to touch the ones who won't hear.
Growing in strength, he won't be unnerved,
Ever assuring he'll stand by his word.
Wanting the world to join his firm stand,
Bracing for war, but praying for peace,
Using his power so evil will cease:
So much a leader and worthy of trust,
Here stands a man who will do what he must.*
